What does our client say?

We attended the new Non Resident Labor Law seminar organized by MSS Recruitment in November 2009. We found this Seminar to be of exceptional value. The presentation

session was informative, covering all of the salient points of the law needed to be known by HR professionals. The Q&A sessions proved to be a lively exchange whereby participants were given the opportunity to ask C&C Lawyers practical questions companies encounter in daily HR operations. We would without doubt send our HR professionals to attend any other pertinent Labor Law sessions MSS Recruitment decide to stage for corporate.
